Volume 49 Weekly Meeting No. 12

September 19, 2013

## 1<sup>st</sup> ZONE 4 INTERCITY/ INTERCLUB MEETING

### Registration and Dinner

### Program

#### Call to Order

- Pres. Hermie de la Paz (RC Marikina)

#### Invocation

- Pres. Connie Erlano (RC San Mateo)

#### National Anthem

- Pres. Nick Baterina (RC Marikina West)

#### Rotary Pledge and the 4-Way Test

- Pres. Nick Marcelo (RC Marikina Central)

#### Introduction of Visiting Rotarians, & Guests

- AG Ronie Masangkay (RC Marikina)/

AG Raul Catapang (RC Marikina North)

#### Welcome Remarks

- Pres. Hermie de la Paz (RC Marikina)

#### Entertainment

- Rtn Joel Relleve (RC Marikina)

#### Introduction of Guest Speaker

- AG Raul Evangelista (RC Metro Marikina)

#### Guest Speaker's Talk - Franchising

- Pres. Nikki de Vega (RC Mandaluyong Uptown)

Managing Partner, Nicolas & De Vega Law Offices

#### Open Forum

#### Presentation of Tokens

- First Class Presidents

#### Announcements

- Pres. Ferdie Hernandez (RC Metro Marikina)

#### Closing Remarks

- Pres. Chuck Manansala (RC Marikina Hilltop)

#### Adjournment

- Pres. Hermie de la Paz (RC Marikina)

#### Singing of District Theme Song

- First Class Presidents

#### Raffle

- Pres. Ebbs Baldoz (RC Marikina)/

Pres. Ferdie Jaraza (RC Marikina East)

#### Fellowship – Videoke Singing, etc.

- Pres. Odie Zafra (RC Marikina North)/

- Pres. Nat Castro (RC Rodriguez)/

- Pres. SocAbella (RC Marikina Heights)

AG Jess Domingo & PP Carla Dejeris

Masters of Ceremonies

### THE ROTARY PLEDGE

I do solemnly promise to help advance the object of Rotary, comply with the constitution and by-laws of Rotary International and the Rotary Club of Marikina, ever putting into practice Rotary's Motto: "SERVICE ABOVE SELF."

### THE FOUR WAY TEST

*Of things we think, say or do:*

Is it the TRUTH?

Is it FAIR to all concerned?

Will it build GOODWILL and better FRIENDSHIPS?

Will it be BENEFICIAL to all concerned?

## PRAYER

*Heavenly Father we are grateful for the wonderful mixture of blessings, promises and mercy running through our lives, even the trials and lapses of faith. Again we ask for your help to meet our goal, to fight the good fight, to finish the race, and to keep the faith. Give us new strength to function best and accomplish the most for the Lord when we do what we've been gifted to do; to benefit others and to fulfill His purpose. We thank You for all things to God the Father in the name of Lord Jesus Christ. Amen.*

## **Congratulations!**

Dir. Bonie Barotilla on your 3rd year-Sept. 23  
Rtn. Boyet Culminas on your 3rd year-Sept. 23  
*In Service of Rotary!*

## **Happy Blessed Birthday!**

PP Emil Cruz—Sept. 21  
PD Pat Corpus—Sept. 23  
Sp. Bella Ancheta—Sept. 25  
Sp. Zeny Farcon—Sept. 25

## ROTARY CLUB OF MARIKINA MARCH

*Music: PP Jimmy Capco  
Lyrics: Rtn. Francisco Pascual;  
Arranger: Rtn. Allan SM Perez*

Come sing with us for fellowship  
A song of camaraderie  
Then give your hand in fond friendship  
To Marikina Rotary

We love to share our thoughts with you  
And lavish in your company  
So, come each meeting day please do  
To Marikina Rotary

### Refrain

Motto of SERVICE ABOVE SELF  
Is not a mere phraseology  
Participate with zeal and zest  
In Marikina Rotary

Let us Rotarian serve all  
Our beloved community  
Then we can accentuate the goal  
Of Marikina Rotary

### DECLARATION OF ROTARIANS IN BUSINESS AND PROFESSION

As a Rotarian engaged in business or profession, I am expected to:

1. Consider my vocation to be another opportunity to serve;
2. Be faithful to the letter and to the spirit of ethical codes of my vocation, to the laws of my country, and to the moral standards of my community
3. Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation
4. Be fair to my employees, associates, competitors, customers, the public and all those with whom I have business or professional relationship;
5. Recognize the honor and respect due to all occupations which are useful to society;
6. Offer my vocational talents; to provide opportunities for young people; to work for the relief of the special needs of others, and to improve the quality of life in the community.
7. Adhere to honesty in my advertising and in all representations to the public concerning my business or profession
8. Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded to others in a business or professional relationships

# First Class Voyager

PRES. HERMIE DELA PAZ

Today marks another very special day for our club as we join our other sister clubs for the 1<sup>st</sup> Intercity meeting of all the Rotary clubs in Zone 4. We have a very special guest speaker in our classmate FC Pres. Atty. Nikki de Vega, who will talk about Franchising including the marketing and legal aspects in this great business opportunity scheme. After the program, we will have the first zone 4 interclub fellowship with some entertainment numbers and videoke singing with all of our classmates leading the community singing.

We held our annual Governor's visit last week with our Guest of Honor DG Luizo "Louie" C. Ticman, his Lady Ruby and his First Class Executive Team as our guests in our clubhouse. We would like to thank Gov. Louie for honouring us with his presence and we hope that we can meet all of his expectations from our club.

I forgot to mention in last week's column that we attended the second district breakfast meeting at Valle Verde Country Club last Sept 7, 2013 Saturday. Almost all of my first class president classmates were present including the district officers and some chairman of various district committees who reported on the status of their respective projects. PDG Efren de Guzman, as chairman for all of the districts service projects, was the first to report together with all of his committee chairpersons. PDG Jun Farcon, as chairman of district membership also reported on the recent 1<sup>st</sup> mass induction and enjoins all those present to prepare for the second mass induction in November to be hosted by us in Cluster 2.

On September 13, 2013, Friday, I went to Valley Golf and Country Club Executive Clubhouse for the 16<sup>th</sup> Induction ceremonies of RC Taytay through the invitation of my classmate FC Pres. Mark Fermindoza and his beautiful wife Pops. We were serenaded while dining by the Taytay symphony orchestra composed mostly of students in their area supported by their club.

The next day, Saturday, we had our Zone 4 presidents breakfast meeting at Jollibee Graceland, Lamuan. We discussed all of the incoming joint zone 4 projects, including today's 1<sup>st</sup> Zone 4 Intercity meeting. Almost all of my classmates attended and we accomplished a lot during the meeting which I presided as chairman. We also discussed the invitation of Mayor Del de Guzman for all of us to join the coming Ondoy commemoration this coming Sept. 26, 2103. From the assembly point at Freedom Park at 6AM, we will all walk to the Our lady of the Abandoned Church where a mass will be celebrated at 7AM. After the Mass, we will all travel in a motorcade to Pintong Bukawe, San Mateo for the initial planting of 1,000 Robusta Coffee seedlings from the 50,000 target in the area. We invite all of our members to join us in this tree planting activity, which will also be attended by our new sister club, RC San Juan. Our clubs have decided to make this a joint effort and connect this with a public image project as well.

# Rotary Engagement

## SEC. CHRIS MERIÑO

The Governor's visit last Thursday by First Class District Governor Luizo "Louie" Ticman is truly inspiring. The District Governor together with his lovely spouse District Governor Lady Ruby Ticman and the District Executive Team composed of District Secretary Dan Santos, District Governor-Aide Josie Retirado, Chief Sgt-At-Arms Rudy Retirado, DDG Vincent Santos, AG Raul Evangelista and AG Ronie Masangkay were welcomed warmly and tasted the hospitality of the Rotary Club of Marikina Family.

With regards to our Membership campaign, the District Governor suggested that we continue to grow our Club by developing our second and third generation Rotarians and to "engage" young prospective members. Reminiscing his early Rotarian days he related that we should listen and integrate new and innovative ideas from our young Rotarian members for us to further entrench the future of our Club.

The Governor is very impressed with our various service projects particularly our Club Environmental Flagship Project at the Marikina Watershed reported by Dir. Val Barcinal and Dir. Willie Reyes. This is in line with his passion and advocacy on turning the "enemies" of the environment to its protectors and partners in through livelihood.

Our Club's commitment to The Rotary Foundation is upgraded to \$15,000 dollars. Through the exemplary action of past Director Rey Montoya our club has advanced our payment for the Car Raffle District Fundraising. This project is aligned with our fundraising efforts for The Rotary Foundation with each member as beneficiary to reach our Club goals.

Recognizing our Club maturity and seniority District Governor Louie directly challenged our President and its members to manifest our leadership role in the Rotary Clubs of Zone 4. Again we thank the preparations of President-Elect Dodjie Cabalquinto, the Inner Wheel Club and spouses, PP Del de Guzman for the lechon, PP Flordela Paz and PDG Ting Tanco for the fresh fruits, PD Celso Cruz and all who have contributed for the success of our Governor's visit.

Tonight we join our "brothers and sisters in service" for our First Inter-Club meeting at Kapitan Moy at 7:00 p.m. This is an opportunity to strengthen our bonds with our daughter and sister clubs of Zone 4 for our common goals in Rotary.

A special Pre Natal education was conducted by IPP Benjie Malaya in cooperation with the Marikina City Health Office for around 25 expectant mothers at the Nangka Health Center this morning. We will again have another Buntis Party at the Fortune Health Center on Monday September 23, 2013 fulfilling our focus on Maternal and Child Health for our community.

All are invited to events commemorating the Ondoy tragedy on Thursday, September 26, 2013. Assembly will be at the Freedom Park Marikina City Hall at 6:00 am. Mass is to be offered at the Our Lady of the Abandoned Parish. Subsequently, as the culminating activity together with District and Zone Rotarians, Marikina City officials and other NGO's we will be planting coffee

# GUEST SPEAKER

**Atty. Norieva “Nikki” de Vega** is the Managing Partner of Nicolas & De Vega Law Offices (NDV Law). She obtained her *Juris Doctor* degree in Law from the Ateneo de Manila University School of Law where she graduated Class Salutatorian. She also received the Silver Medal Second Honors award. Moreover, she was bestowed the Silver Medal for Academic Excellence for her achievements in the field of academics. She also holds a bachelor’s degree in Public Administration from the University of the Philippines in Diliman. In addition, she has finished the Intellectual Property Law School Program of the Instituto de Estudos Europeus de Macau. Furthermore, she has successfully completed the Intellectual Property Training for Lawyers held in Tokyo, Japan and sponsored by the Japan Patent Office in coordination with the Association on Overseas Technical Scholarship. She also holds a Certificate from the World Intellectual Property Office (WIPO) for her completion of the WIPO Summer School on Intellectual Property held in Daejeon, Republic of Korea.

Before forming the firm, Atty. Nikki was connected with *Carpio Villaraza & Cruz (CVC Law)*, where she practiced Intellectual Property Law, Corporate Law and Litigation.

Atty. Nikki is a law professor at the De La Salle Graduate School of Business -Far Eastern University Institute of Law, the Philippines' first Juris Doctor-M.B.A. program, where she teaches Political Law Review to graduating law students. She is also a thesis/dissertation defense panelist for the said school. Pertinently, she is duly accredited as a Trainer on licensing by the Licensing Executives Society International.

In addition to teaching, Atty. Nikki regularly hosts a radio show entitled "Mind Your Own Business" aired every Wednesday from 11 am to 12 noon at DZRJ 810 AM, the first English format AM station in the Philippines. She is also a regular columnist at FranchisingPH, one of the leading resources in franchising in the Philippines and OFWHotjobs, a magazine devoted to overseas Filipino workers.

Atty. Nikki is also active in the community. At present, she is the President of the Rotary Club of Mandaluyong Uptown and the Second Vice-President of the Philippine Chamber of Commerce & Industry- Mandaluyong. She is also a member of the Integrated Bar of the Philippines, Kapisanan ng mga Brodkaster ng Pilipinas, Federacion Internacional De Abogadas, Licensing Executives Society (LES Philippines), Association on Overseas Technical Scholarship Alumni Association, The Law Association for Asia and the Pacific (LAWASIA) International, LAWASIA Philippines, Legal Management Council of the Philippines, International Association for Contract and Commercial Management and Sigma Delta Phi Sorority.

# Rotary Information

PP TONY FIDELINO

## ABOUT ROTARY OUR STRUCTURE

**Rotary** is made up of three parts: at the heart of Rotary are our clubs, who are supported by Rotary International and The Rotary Foundation.

**Rotary clubs** bring together dedicated individuals to exchange ideas, build relationships, and take action.

**Rotary International** supports Rotary clubs worldwide by coordinating global programs, campaigns, and initiatives.

**The Rotary Foundation** uses generous donations to fund projects by Rotarians and our partners in communities around the world. As a nonprofit, all of the Foundation's funding comes from voluntary contributions made by Rotarians and friends who share our vision of a better world.

Together, Rotary clubs, Rotary International, and The Rotary Foundation work to make lasting improvements in our communities and around the world.

## OUR PARTNERS

When Rotary partners with other organizations, we multiply the impact made by either group on their own. We call this “the Rotary effect.” From local food banks to global humanitarian organizations, we work with a wide variety of partners.

## OUR LEADERSHIP

What does it take to be a leader with Rotary? Integrity, expertise, and a commitment to service—all the qualities that make Rotary members extraordinary. We look for these qualities in all our leadership positions, including our elected President and Board of Directors, who lead Rotary International, our appointed Trustee Chair and Board of Trustees, who run The Rotary Foundation, and our General Secretary and executive staff, who provide long-term oversight of the organization. Members of each Rotary club elect their own leadership. (<http://www.rotary.org/en/our-structure-0>)

## OUR ONGOING COMMITMENT

Rotarians have not only been present for major events in history—we’ve been a part of them. From the beginning, three key traits have remained strong throughout Rotary:

We’re truly international. Only 16 years after being founded, Rotary had clubs on six continents. Today we’re working together from around the globe both digitally and in-person to solve some of our world’s most challenging problems.

We persevere in tough times. During WWII, Rotary clubs in Germany, Austria, Italy, Spain, and Japan were forced to disband. Despite the risks, many continued to meet informally and following the war’s end, Rotary members joined together to rebuild their clubs and their countries.

Our commitment to service is ongoing. We began our fight against polio in 1979 with a project to immunize 6 million children in the Philippines. By 2012, only three countries remain polio-endemic—down from 125 in 1988. (<http://www.rotary.org/en/history-0>)

District Fund	37,000.00
Dinner - Gov's Visit	16,200.00
Jean Salary (Sept. 1-15)	6,600.00
PLDT as of Aug. 3	1,466.10
<b>Total Disbursement</b>	<b>65,751.10</b>
Ending Balance, Sept. 5, 2013	<b>108,836.90</b>

Car Raffle Collections as of Sept. 12	<b>35,500.00</b>
less - payment to the District	<b>(25,000.00)</b>
<b>TOTAL</b>	<b>10,500.00</b>

# Ecology Today

DIR. VAL BARCINAL

## CAUSES OF CLIMATE CHANGE (Continuation)

### Volcanism

Volcanism is a process of conveying material from the crust and mantle of the Earth to its surface. Volcanic eruptions, geysers, and hot springs, are examples of volcanic processes which release gases and/or particulates into the atmosphere.

Eruptions large enough to affect climate occur on average several times per century, and cause cooling (by partially blocking the transmission of solar radiation to the Earth's surface) for a period of a few years. The eruption of Mount Pinatubo in 1991, the second largest terrestrial eruption of the 20th century (after the 1912 eruption of Novarupta) affected the climate substantially. Global temperatures decreased by about 0.5 °C (0.9 °F). The eruption of Mount Tambora in 1815 caused the Year Without a Summer. Much larger eruptions, known as large igneous provinces, occur only a few times every hundred million years, but may cause global warming and mass extinctions.

Volcanoes are also part of the extended carbon cycle. Over very long (geological) time periods, they release carbon dioxide from the Earth's crust and mantle, counteracting the uptake by sedimentary rocks and other geological carbon dioxide sinks. According to the US Geological Survey, however, estimates are that human activities generate more than 130 times the amount of carbon dioxide emitted by volcanoes.

### Ocean variability

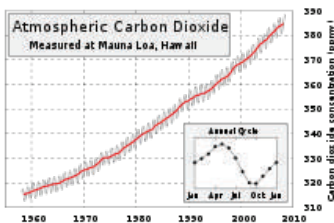

A schematic of modern thermohaline circulation

A schematic of modern thermohaline circulation

The ocean is a fundamental part of the climate system. Short-term fluctuations (years to a few decades) such as the El Niño–Southern Oscillation, the Pacific decadal oscillation, the North Atlantic oscillation, and the Arctic oscillation, represent climate variability rather than climate change. On longer time scales, alterations to ocean processes such as thermohaline circulation play a key role in redistributing heat by carrying out a very slow and extremely deep movement of water, and the long-term redistribution of heat in the world's oceans.

### Human influences

Increase in Atmospheric CO2 Levels

Anthropogenic factors are human activities that change the environment. In some cases the chain of causality of human influence on the climate is direct and unambiguous (for example, the effects of

## A BRIEF HISTORY OF ANDROID

### What is Android?

Android is a mobile operating system that was designed for touchscreen mobile devices, mainly smartphones and tablets. It is designed and developed by Google and is also an open-source software, allowing it to be edited through the Android SDK (Software development kit). It is based on Java as a programming language and a kernel based of Linux.

### How did it begin?

Android was officially unveiled in 2007, with the first smartphone being released in October 2008. Android, Inc. itself was founded in 2003 before Google acquired it in 2005. Not much was known about it at the time until speculation began appearing in late 2006. When the first phone released, the T-Mobile G1, it ran Android 1.0. This first version of Android offered features such as the pull-down notification bar, multiple homescreens, and widgets that would provide at-a-glance information. Another innovation of Android was its integration with Google through Google Sync. This allowed constant information being pulled from Google's servers, such as Gmail, Google Contracts, and Google Calendar. The first version also introduced the Android Market to the world, which allowed users to download apps and games directly to their phones.

### What came next?

The next major update in the Android line is also the first to begin the sweet naming scheme, Cupcake. Not only did it polish some loose ends in Android, it also brought forward the on-screen keyboard. Since Android's first phone included a keyboard, it was never needed, that is until the HTC Magic released in April 2009. It was Android's first touchscreen only phone. Along with the release of their on-screen keyboard, Google also allowed developers to develop and add their own replacement keyboard, something never seen before in a phone. The next update, Donut, introduced a few small updates such as the integrated universal search, resolution support, and a redesigned Android market.

Throughout the next few updates, Android has only grown. With the release of Android 2.0, or Eclair, Google also released the Motorola Droid. The Droid was the most powerful Android phone seen at the time, due to its specifications and the help of the new features Eclair brought about. This included multiple account support, allowing more than one Google account to be logged in and syncing; Google Maps Navigation, a completely free turn-by-turn navigation system using the GPS; and improvements to the Contacts app, soft keyboard, and browser. It also brought forward updates such as Live Wallpapers, Speech-to-text updates, and an updated lock screen.

The next couple updates to Android were Froyo and Gingerbread, released in May 2010 and December 2010, respectively. Froyo included a redesigned homescreen, showing a new five-panel view with a dedicated panel on the bottom for the app launcher, phone, and web browser. It also included support for mobile hotspots and a redesigned Gallery app. Gingerbread provide much

...from page 11 Digitally yours

UI adjustments, many of the stock widgets were reskinned, and the home screen elements gained hints of green. One of the most noticeable changes was the update of the status bar, inverting it from a white background to a black background. Small adjustments that were made were an improved keyboard, more control over copy and paste, support for a front-facing camera, and better battery stats.

Honeycomb, the next in line, was mainly an update shown on tablets. It was not seen on phones but it did provide some updates that were built into the next versions for Android. This 3.0 update changed the accents on Android from green to blue, and also provided improved multitasking. Another important feature Honeycomb introduced was the support for virtual buttons for the Back, Home, Menu, and Search functions, where before they were always dedicated physical buttons.

The biggest was still to come. Ice Cream Sandwich (ICS), released in October 2011, it was considered to be the biggest change for Android phones yet. It kept the design changes from Honeycomb, and added its own refresh of the notification system. ICS also gave Android more home screen improvements, updates to the autocorrect system, face unlock, data-usage stats, and new calendar and mail apps. Through the latest update, 4.3, also known as Jelly Bean (JB), Google introduced Google Now. It presents cards with a variety of information based on your location, calendar, and more. Some will show the weather, while another will show how long it will get to your house based on the current traffic. Jelly Bean also included expandable notifications, which reveal more information rather than just the first line of it.

### **What's next in the future?**

Although it is known that Android 4.4, (Kitkat), is up coming, not much is known about it. Some features that will be included in it include Smart Screensavers, Gesture typing, and multi-user support. The next major update is currently guessed to hold the name of Key Lime Pie. Android has grown so much in the short time it has been released; it is impossible to say how much it will grow in the same amount of time. It is an exciting operating system that is innovating and impossible to predict.

...from page 10 Ecology Today

irrigation on local humidity), while in other instances it is less clear. Various hypotheses for human-induced climate change have been argued for many years. Presently the [scientific consensus on climate change](#) is that human activity is very likely the cause for the rapid increase in global average temperatures over the past several decades. Consequently, the debate has largely shifted onto ways to reduce further human impact and to find ways to adapt to change that has already occurred.

Of most concern in these anthropogenic factors is the increase in CO<sub>2</sub> levels due to emissions from [fossil fuel](#) combustion, followed by [aerosols](#) (particulate matter in the atmosphere) and [cement](#) manufacture. Other factors, including land use, [ozone depletion](#), animal agriculture and [deforestation](#), are also of concern in the roles they play - both separately and in conjunction with other factors - in affecting climate, [microclimate](#), and measures of climate variables.

seedlings atPintong Bocaue at the Marikina Watershed as part of the livelihood component of our Club Flagship Project.

September is designated by the Rotary International as New Generations Month now called Youth Service. Our Slogan “ Every Rotarian an Example to Youth” will be discussed on our annual New Generations Conference on Friday, September 27, 2013 9:00 – 11:00 a.m at the Marikina Rotary Youth Center. No less than PDG Jun Farcon and PP Mayor Del de Guzman will inspire and give advice to our young people in our community. All are enjoined to attend.

*Let us go forth, as called of God  
Redeemed by Jesus' precious blood;  
His love to show, His life to live,  
His message speak, His mercy give. - Whittle*
