THE ROTARY PLEDGE

I do solemnly promise to help advance the object of Rotary, comply with the constitution and by-laws of Rotary International and the Rotary Club of Marikina, ever putting into practice Rotary's Motto: "SERVICE ABOVE SELF."

THE FOUR WAY TEST

Of things we think, say or do:

- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOODWILL and better FRIENDSHIPS?
- Will it be BENEFICIAL to all concerned?

PRAYER

Heavenly Father, as we stand and bow our heads in relevance to You, we humbly invoke Your presence in this gathering of Rotarians this evening who are here to do Your will.

We ask you to shower Your blessings to all and our Governor Lirio and his officers who have spent so much of their time and resources and labored so hard to ensure the success of the different District Programs. Grant them the gift of fortitude and keep them safe from harm so that they can continue their good works and inspire us all to do the same thru the rest of rotary year.

Amen.

Last Thursday morning of Sept. 26, 2013 we commemorated Ondoy and planted 1,000 Robusta coffee seedlings in the Sierra Madre Mountains in Pintong Bukawe, San Mateo. This Thursday morning, Oct. 10, 2013, we were again at Pintung Bukawe to plant another 1,000 Robusta Coffee seedlings and celebrate the birthday of DG Louie Ticman. This tree planting project is a Zone 4 project. We were joined in the planting not just by my classmates in Zone 4 but almost all the other FC presidents and district officers in our district. I also made arrangements with UNTV to cover our tree planting project and broadcast it next Wednesday 7:00PM on Rotary in Action over Skycable TV Channel 58. Thanks to all my classmates in zone 4 for their full support to this zone 4 project, most especially the delegations and members from our club RC Marikina, RC San Mateo, RC Marikina West, RC Rodriguez, RC Metro Marikina, RC Marikina North, RC Marikina Uptown, RC Marikina Heights, RC Marikina South, RC San Mateo Highlands, RC Marikina East, RC Marikina Central, RC Marikina Hilltop and RC Rivercity Marikina. We wish to thank Vice Mayor and PP Fabi Cadiz for lending us a service vehicle to transport our Marikina Rotarian delegates to the tree planting site in Pintung Bukawe.

We met with Marikina city hall officials, with Dir. October is Vocational Service Month

Many Rotarians and Rotaractors take pride in applying their professional expertise to community service. Rotary offers opportunities to:

Serve others by lending your unique skills to a project — perhaps by [joining a Rotarian Action Group](#) or by becoming a member of [The Rotary Foundation Cadre of Technical Advisers](#)

Empower others by participating in a [Vocational Training Team](#)

Inspire others to act with integrity and promote [Rotary's guiding principles](#). Further, Rotary provides opportunities to enhance your vocational skills. Network with leaders in your profession by joining (or starting) a [Rotary Fellowship](#) or participating in an [online discussion group](#). Throughout October, Rotarians will be sharing their vocational service experiences on [Rotary Voices](#). Check back periodically for new stories. And read on for ideas for club and district vocational service projects.

What does vocational service mean to you?

"Using expertise, either professional or personal, to help others discover new opportunities and interests." - *Rotarian Root*

"[Service] that benefits Rotarians, other businessmen and professionals, and at the same time promotes integrity and other Rotary values in their business and professions." - *Rotarian Sangalang*

"Using training and expertise to provide services at reduced costs for communities without access to these opportunities." - *Rotarian Desai*

"Exemplifying high moral and ethical values in all aspects of professional and private life." - *Rotarian Ganesh*

DIR. VAL BARCINAL

Coming to grips with a climate-defined future (2ND PART)

BY JOSE MA. LORENZO TAN

In many sectors, next practice has already been defined. Early adopters will seize a competitive edge, and lead the way.

How to prepare for climate change? Like all crises, basics come first. These include local food security, water and flood management, maintaining a balanced energy mix, all-weather access and transport, health, human capital, sustainable land use, as well as urban development.

If we are to keep our nation productive and competitive, economic activity needs to be kept humming. To be inclusive, these steps need to be pro-active, rather than simply re-active.

We must learn how to work together. Cities need to act in alliance, beyond their boundaries. Companies need to think beyond their fences, and consider the viability or vulnerability of the value chains, communities and catchments where they operate.

This public-private opportunity encompasses the design and operation of airports, highways and seaports. Unless we can get to work, continue to serve our customers, or deliver our goods, local economies face the increasing risk of disruption.

Reduced reliability results in increase cost and reduced competitiveness. We need an energy mix that guarantees stable costs and no downtime.

The climate challenge covers the way we grow our crops, and manage our watersheds. No city can live without food and water. A growing nation must learn how to produce more, with less. Existing political boundaries will no longer suffice. The ecosystem is our new management envelop.

Make time for this. Ask yourself, what things do you need?

For companies and organizations, run through a risk assessment, and review the vulnerability of each operation that is key to your continued viability. Are you in control? Start with the needs, then consider the wants. It is not difficult to do, if you call a spade, a spade.

In Cebu, my taxi driver knew exactly what intersections flood, what route to take in heavy rain, and when to pull over and wait for the floods to abate. This is a simple example that all of us can handle.

Climate change is a global phenomenon, but it will manifest itself in clusters or pockets of risk. Responses can and should be crafted at a variety of scales: catchment, city, site and building. This will define the scope of future opportunity. Everyone can be part of the solution. - Rappler.com

How to Install a Third Party App

Most apps are available for download and install easily via the Play Store. If you have a third party app that is only available from sources other than the Play Store and you think it's useful and secure to install, the Android system allows you to do so after changing the settings.

1. Run the Settings app and tap Security under PERSONAL.
2. Tick "Unknown sources" under DEVICE ADMINISTRATION.
3. Tap "OK" to the system reminder that your device and personal data are more vulnerable to attack by apps from unknown sources.

You can then browse to the app file ending with an .apk suffix, known as the Android application package, tap and install it right away.

How to Add and Remove Icons from Home Screens

When you install an app, the system often adds an app icon on your home screen. This icon works as a shortcut to run the app. In case you need to manually add an app icon or a widget icon yourself, it's pretty easy.

1. Tap the All Apps icon  on the tray.
2. Select the Apps or Widgets tab on the top.
3. Touch and hold the icon you want to create a shortcut.
4. Drag and drop the icon on a home screen you like.

To remove an icon from your home screen:

1. Touch and hold the icon of apps, widgets or shortcuts until the Remove icon appears on the top.
2. Drag and drop the icon over the Remove icon.

Note: On Android 2.x, you can add a shortcut icon by touching and holding an empty location of a home screen or press Menu then tap 'Add'; On Android 3.0, touch the customize button  at the top right of a home screen to add a shortcut icon.

How to Re-arrange Icons

When you install new apps to your Android, the system stacks up the icons automatically without asking you to select a home screen. But you can subsequently re-arrange the icons on the home screens and on the tray.

the group of my classmates, the First Class presidents from Caloocan, Malabon and Navotas who formed a team they called TFR or Towards Friendship and Rotary complete with their own uniform tshirts and cap. When DG Louie delivered his message, we were surprised when, he invited all those present to his birthday celebration and to plant trees in Pintung Bukawe. What we had planned as a Zone 4 tree planting project only is now a district event with Zone 4 clubs as hosts. To rise to this occasion, I made an announcement and invited them also, especially our classmates FC Presidents to attend our tree planting project and the birthday party for Gov. Louie. We had to revise our plans, particularly our food and logistics preparation. We visited the site again last Tuesday Oct. 7, 2013 to ensure that we have properly arranged and coordinated with the staff in charge of the venue in Pintung Bukawe. We also wish to thank CEA and Dir. Willie Reyes for his assistance to us.

Last Monday, Oct. 7, 2013, we had our 3rd monthly board meeting. I would like to thank PP Roland Garcia for giving us a very informative presentation on parliamentary procedures. We planned to practice these during our meetings.

I wish to thank all those who participated and joined us during the tree planting project this morning. I made this column ahead of time and I will give a more detailed report next week including the names of those who attended.

This is the fifteenth entry in my journal. Once again we are planting trees to save our environment and save lives as well. I enjoin our members to help Save the Marikina Watershed Land Protected area by planting one tree, **ONLY ONE TREE**, this year for every year of your life on this earth. So that henceforth, you need to plant only one tree every year until you leave this earth. If you cannot do it this year, maybe you can schedule over several years, to make sure that you have planted at least one tree for every year of your life. Let us save our environment. Let us make a difference in the lives of others as we change our lives as well. Let us take his year's Rotary theme to heart "Engage Rotary, Change Lives". Thank you.

Touch and hold any icon on your screen for a second.

Drag the icon to a different spot on the screen, or even to or from the tray, except for the permanent "All Apps" icon.

You can also drag an icon to the left or right edge of the screen until it starts sliding, then drop the icon to another screen.

How to Create, Rename and Remove Folders

Other than the apps on the tray, sometimes it's difficult to quickly look for an app to open if you have many icons spreading across a few home screens. Why not create a folder to group similar apps together? It's much easier than you might think.

Touch and hold any icon for a second.

Drag the icon over the top of another. The system then automatically groups two app icons in a folder.

Touch the folder, then tap "Unnamed Folder", key in a name for the folder and tap "Done".

You can rename a folder at any time—tap a folder then tap its name to rename.

While the system auto creates a folder for you, it does the same to removing a folder automatically—tap a folder to expand it, then clear all grouped items inside the folder—just touch and hold, then drag them out from the folder one by one.

Note: Older Android system doesn't support this feature, but you can rely on a third-party app such as [GO Launcher EX](#) to achieve almost the same effect.

How to Type Faster with Multiple Spaces

Instead of typing a period at the end of each sentence and follow by a space, you can tap the space bar twice to get the same result.
