THE ROTARY PLEDGE

I do solemnly promise to help advance the object of Rotary, comply with the constitution and by-laws of Rotary International and the Rotary Club of Marikina, ever putting into practice Rotary's Motto: "SERVICE ABOVE SELF."

THE FOUR WAY TEST

Of things we think, say or do:

- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOODWILL and better FRIENDSHIPS?
- Will it be BENEFICIAL to all concerned?

PRAYER

Almighty and Eternal God, may Your grace enkindle in all men a love for the many unfortunate people whom poverty and misery reduce to a condition of life unworthy of human beings. Arouse in the hearts those who call You Father especially our Public Servants a conscience, a hunger and thirst for social justice and for fraternal love in deed and in truth. Grant, O Lord, Peace in our days, Peace in our souls, peace to families, peace to our country and peace among nations. Please comfort and protect the victims of the recent earthquake in our beloved country. Amen.

ROTARY CLUB OF MARIKINA MARCH

Music: PP Jimmy Capco

Lyrics: Rtn. Francisco Pascual;

Arranger: Rtn. Allan SM Perez

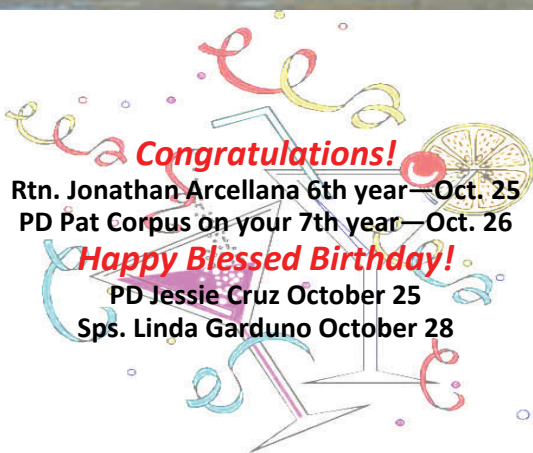

Come sing with us for fellowship
A song of camaraderie
Then give your hand in fond friendship
To Marikina Rotary

We love to share our thoughts with you
And lavish in your company
So, come each meeting day please do
To Marikina Rotary

Refrain

Motto of SERVICE ABOVE SELF
Is not a mere phraseology
Participate with zeal and zest
In Marikina Rotary

Let us Rotarian serve all
Our beloved community
Then we can accentuate the goal
Of Marikina Rotary

DECLARATION OF ROTARIANS IN BUSINESS AND PROFESSION

As a Rotarian engaged in business or profession, I am expected to:

1. Consider my vocation to be another opportunity to serve;
2. Be faithful to the letter and to the spirit of ethical codes of my vocation, to the laws of my country, and to the moral standards of my community
3. Do all in my power to dignify my vocation and to promote the highest ethical standards in my chosen vocation
4. Be fair to my employees, associates, competitors, customers, the public and all those with whom I have business or professional relationship;
5. Recognize the honor and respect due to all occupations which are useful to society;
6. Offer my vocational talents; to provide opportunities for young people; to work for the relief of the special needs of others, and to improve the quality of life in the community.
7. Adhere to honesty in my advertising and in all representations to the public concerning my business or profession
8. Neither seek from nor grant to a fellow Rotarian a privilege or advantage not normally accorded to others in a business or professional relationships

First Class Voyager

PRES. HERMIE DELA PAZ

Once again last Thursday morning of Oct.10, 2013, we planted about 700 Robusta coffee seedlings in the Sierra Madre Mountains in Pintong Bukawe, San Mateo. On this occasion, we also celebrated the birthday of DG Louie Ticman. This tree planting project started out as a Zone 4 project. We also invited our classmates from Zone 7 to make it a Cluster project. Eventually it became a district event, hosted by the Rotary clubs of Zone 4 with us as the lead club. We were joined in the planting not just by my classmates in Zone 4 but almost all the other FC presidents and district officers in our district 3800. I also made arrangements with UNTV to cover our tree planting project and broadcast it next Wednesday 7:00PM on Rotary in Action over Skycable TV Channel 58. It was aired as scheduled last night on UNTV. Thanks to all my classmates in zone 4 for their full support to this zone 4 project, most especially the members from our

club RC Marikina, including PDG Efren de Guzman, PP Dante Verano, PE Dodjie Cabalquinto, Dir Val Barcinal, PD Jessie Cruz, and Rtn Tops Rodriguez. We wish to thank Dir. Willie Reyes for his assistance to this project. We also wish to thank Vice Mayor and PP Fabi Cadiz for lending us a service vehicle to transport our Marikina Rotarian delegates and friends from RC Marikina Central to the tree planting site in Pintong Bukawe. After the tree planting exercise, we all had a sumptuous lunch of Sinigang na Maya Maya sa Miso, Chicken & Pork Adobo, Piniritong Tilapia & Bangus, Ensaladang Mangga with Kamatis, Sibuyas at Bagoong, Talong, Okra at Sitaw, and Pork Barbeque as prepared by the Zone 4 clubs. Nagpaluto kami sa classmate namin na si FC President Jun Hernandez, owner of Martha's Plate Catering. There was plenty of steaming hot rice, iced tea and cold water for everyone. We also had a whole Lechon Baboy, courtesy of DG Louie, the birthday celebrant, who also blew the candles on three birthday cakes. To emphasize our environmental advocacy, we used Banana leaves as plate covers Kamayan Style, while the others ate directly Boodle Fight Style on the table covered with Banana leaves and laden with rice and other viands. All the participants left the site satisfied with their environmental efforts and their stomachs full. Napasobra yata ang naihanda naming food na good for 150 persons.

Last October 11, 2103, we attended the joint induction of three clubs from Ri-

Rotary Engagement

SEC. CHRIS MERIÑO

Dear Fellow Rotarians,

We still have a fighting chance in the ongoing Ten Pin Bowling Tournament. According to PP Onie Aguinaldo we are presently ranked 9th place. Let us show our support by visiting them this Sunday 8:00 AM October 20 at the Star Mall,

Next Thursday October 24, 2013 will be our Halloween Party. Bring your spouses because Dir. Manny Pecho has prepared a special night of fellowship and games for all of us.

Again we recognize PD Jessie Cruz for co-sponsoring the Medical and Dental Mission to be held at the Aglipay Church in Malanday on October 27, 2013. This is his way of returning his blessings by helping our less fortunate brothers and sisters by way of this annual event.

In connection with next month's Mass induction all Rotarians are encouraged to share Rotary by proposing prospective members.

Please support the following fundraising activities

1. Souvenir Program c/o Dir. Willy Reyes
2. Golf Tournament c/o PP Noel Flores
3. Souvenir Program for PETS C/O PP Ronie Masangkay
4. TRF contributions and District Car Raffle c/o PD Rey Montoya Again please remit your payments and sales for the Tickets of the District Car Raffle as soon as possible. Please note that this is one of our joint fundraising efforts for the Club and the District. To further enhance this activity part of the proceeds will be credited as each members TRF contributions to achieve an E-Rey club. 20% is for the District, The remaining 80 % is divided into 60% for Club funds and 40% is for the member's TRF contribution. Everyone has a chance to win a brand new car.

For members who still have payables please settle these as soon as possible. Please coordinate with Ms. Jean Josef, Treas. Elmer Tan or yours truly for your balances. We need funds to support our various Community Service Projects and Club Administration.

Let us pray for the pray for the eternal repose of the father of Ms. Jean Gaspar Josef.

Thank you.

Rotary Information

PP TONY FIDELINO

Vocational Service Month

The highlight of Rotary's celebration for the month of October is Vocational Service. The basis of Rotary's vocational service is found in the second statement of the Object of Rotary, which provides that:

"The Object of Rotary is to encourage and foster the ideal of service as basis of worthy enterprise." And in particular, to encourage and foster"

"Second. High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society."

Rotary believes that all legitimate enterprises provide a product or service that society needs or wants. Thus, every legitimate enterprise serves society. As such, our chosen vocation should be carried out successfully or we would have failed in our most intimate interface with society, with the stakeholders of our vocation or profession, such as the customers, suppliers and creditors of store owners, patients of medical practitioners, clients of lawyers, project owners under contract with contractors and the beneficial users of the structures being constructed as well. These are the people we serve.

Therefore, we have to be good at our classifications. By being the representatives of our respective classifications in the club, Rotary requires us **to do well** in our chosen vocation or profession; to pursue our vocation with the **highest ethical standard; to use our vocation in furthering the specific service objectives of our club and Rotary; and, to spread this ideal**, which we Rotarians are in a position to do as the ambassadors of Rotary in our particular business or professional organizations. Any wrong doing that a Rotarian will intentionally commit in the practice of his vocation/profession that may harm the community will impact on our organization and may affect the integrity of our various community service projects.

First Class President Horatio “Ducky” Paredes

Horatio “Ducky” Paredes is a journalist, and has been one for a number of years. He is also a rural banker and a businessman. As a journalist, he has worked in the rural setting in Mindanao as well as on the national and international scene.

He was, previously, a Senior Broadcaster with Radio Mindanao Network's DZXL and had a commentary over DWAN as well as on DWIZ radios. He currently has a radio program on DZXQ, where he hosts a daily program “Diretsahan” which has been on the air since 1992.

He also writes both English and Pilipino columns in the Malaya (daily) and Abante (twice a week) morning newspapers. He previously worked for several magazines in the Philippines and for Asiaweek, Depthnews, ABC-Radio in New York and the Hawaii-Filipino Chronicle in Honolulu. A Catholic Mass Media Awardee from Cardinal Sin in 1984

As a banker, since 1992, he has been Chairman of the Board of Palawan Bank, a rural bank which has the most number of branches of any bank in the province of Palawan as well as branches in Cebu. Previously, he was on the Board of the United Coconut Planters Bank. In 1998, he was also a director of Maybank Philippines, Inc. and was Chairman of the PNOC Exploration Company where he continued to serve as director until June 2002.

Mr. Paredes has worked in various industries including advertising, publishing, food manufacturing, insurance, television, garments, woodworking and footwear. He has had experience selling beer, shoes, tractors and farm inputs and has experience in agricultural commodity trading.

He has worked abroad in Laos and Thailand with Operations Brotherhood (1960-61) and in Honolulu (1996-2000) as an insurance underwriter and, later as information officer of the Philippine Consulate.

He served the government during the administration of President Aquino, first as an information officer in Honolulu then, later, as Press Secretary in 1991-1992. As Press Secretary, he was overseer of several government agencies including the Philippine Information Agency (PIA) and the broadcast facilities of the government.

He has a Liberal Arts degree with a major in journalism from the Ateneo de Manila University, class of 1959.

He is married to Myrna Thommes. They have four children and three grandsons, all of whom are residing in the United States.

Ducky Paredes is a member of the Rotary Club of Pasig (presently its current President) District 3800, the Capitol Hills Golf and Country Club and Valley Golf and Country Club. He was President of the Capitol Seniors Golfers, Inc, and two-time president of the Federation of Philippine Amateur Senior Golfers of the Philippines.

DIR. VAL BARCINAL

Green groups urge more domestic action on climate change

(Part 1)

BY PIA RANADA

MANILA, Philippines - A wake-up call.

That's how Voltaire Alferez, national coordinator of the AksyonKlimaPilipinas, thinks Filipinos should see the just-released Fifth Assessment Report, a report on climate change compiled by the Intergovernmental Panel on Climate Change (IPCC).

The 2,000-page document, revealed to the world last September 27, is the first volume of compiled findings of thousands of peer-reviewed journals on the status and impacts of climate change, a global phenomenon in which the accumulation of greenhouse gases in the atmosphere has led to an increase in global temperature.

The voluminous report affirmed that **human activities are causing of global warming**, with the panel rating its certainty at 95%. The last report in 2007 said the panel was 90% convinced.

It predicted that world temperatures would rise by 0.3 to 4.8 degrees Celsius (0.5-8.6 degrees Fahrenheit) this century. Sea levels are projected to rise between 26 and 82 centimeters (10.4 and 32.8 inches).

There will also be **an increase in heat waves, floods and droughts**, warned the report.

The worst-case scenario predicted shows temperatures rising to 4.8°C (8.6°F), a figure many experts call catastrophic. The United Nations targeted 2°C as the maximum level at which the world can avoid the worst impacts of climate change.

The Philippines must act now

But despite the massiveness of the report and its implications, AksyonKlimaPilipinas, a national network of organizations working on climate and development issues, says the report should translate to domestic action in the Philippines.

“Filipinos already feel the impacts of climate change...The national government must allocate programmed funds for the People’s Survival Fund and convene the board to help local governments adapt.

"It must stop paying lip service to renewable energy in the climate action plan and rethink its plan to build more coal plants. Finally, **it must now undertake the climate-proofing of our local development plans** to ensure that our communities are resilient to the effects of climate change,” he said in a statement.

Digitally Yours

RTN. JOEY RAMOS

Phivolcs: West Valley fault line 'ripe for movement'

MANILA, Philippines - The Philippine Institute of Volcanology and Seismology on Wednesday said the Marikina West Valley fault line, one of the active faults in the country, is ripe for movement because it has not moved for 200 years.

Phivolcs said the possibility of a Magnitude 7.2 earthquake is not far-fetched.

A Metro Manila Earthquake Impact Reduction Study earlier revealed that 7 out of 17 cities in Metro Manila will suffer the most damage and casualties if a massive earthquake occurs at the West Valley fault.

The 7 cities are Marikina, Quezon, Pasig, Makati, Pateros, Taguig and Muntinlupa. - **With a report from Ryan Chua, ABS-CBN News**

The hidden, fractured earth under Metro Manila's streets

Now and then, an earthquake occurs somewhere in the country and we read in the newspapers the following day that the tremor was due to the movement along a certain fault.

Everybody knows what an earthquake is. But if I went out into the street and asked a passerby to show me a fault, I'm sure he would just stare at me and simply move on. Nobody knows what a fault looks like.

So let me be your tour guide for the day and let me show you one famous fault.

Let's start our field trip at Katipunan Street in Quezon City. Imagine entering La Vista and moving on eastward to Loyola Grand Villas. You will discover that the two subdivisions are not at the same elevation. La Vista is high up on a plateau while Loyola Grand Villas is down in the valley. As you leave La Vista and approach Loyola Grand Villas, you will go down a very steep road (Soliven Avenue). At the bottom of that inclined road, right where it becomes level again, is a segment of the Marikina Fault.

Unfortunately, the fault can't be seen directly at this location. If you want to see the fault minus the pavement, you have to go to Ateneo. Enter the campus through the gate near the Blue Eagle Gym and follow the road toward the east. You will soon come to the edge, literally, of the school grounds. You can't go any farther. There's a cliff-like slope in the way. At the base of that slope is another portion of the Marikina Fault. It doesn't look much. But if it suddenly moved, you could get a nasty earthquake. (From your perch, you can see Loyola Memorial Park down below.)

Now, let's continue our tour. Let us go southward along Katipunan, up the flyover and down the other end. Let's stop at the corner: if we turn right, we will be going to Cubao via P. Tuazon. On your left is a

zal, including RC Suburban East Rizal, the home club of DG Louie Ticman, at the Crown Plaza Hotel in Ortigas. Congratulations to my classmates, FC Pres. Rudy Ramos, FC Pres. Roger Cerezo, and FC Pres. Juliet Peralta-Tibay from RC Suburban East Rizal, RC East Rizal and RC Metro Cainta respectively. In attendance from our club were PDG Efren de Guzman, PDG Jun Farcon with Lady Zeny, Dir. Boni Barotilla and myself.

Last Sunday, Oct. 13, 2013, we again trooped to the District Ten Pin Bowling at Coronado Lanes, Star Mall Edsa, Mandaluyong. The game started at 9:00AM with our team playing against RC Rizal Centro headed by CP Manny Reyes. We found out that we were ranked number 9 out of 27 teams based on the opening day games. On this bright Sunday morning, the following played for Team RC Marikina-Team Captain/Manager Rey Montoya, PP Onie Aguinaldo, PP Joe Judan, PP Dante Verano, Spouse Lyn Montoya, future Rotarian Andrei Aguinaldo and myself, Pres. Hermie de la Paz. We were also joined by PE Dodjie Cabalquinto, Spouse Minia Judan, Spouse Noemi Verano and future Rotarian DL Verano.

Last Monday, we attended the flag ceremony of the City of Marikina at the Freedom Park to honor and give recognition and cash gift to the widow of the security guard of Jollibee in Concepcion who died in the line of duty. Aside from myself, the following were witness to the occasion, PP Flor de la Paz, Dir Val Barcinal, Rtn Gee Flores, and Rtn Nixon Tanazana. Councilors PP Jojo Banzon and Eva Aguirre-Paz hosted us for breakfast later at the shoe hall.

Tonight we have a very special guest speaker, my classmate FC President Horacio "Ducky" Paredes. He was a former Cabinet/ Press Secretary during President Cory Aquino's administration. He will talk about the current headlines today, Pork Barrel, PDAF, DAP and other related political issues.

We will be hosting together with the other Zone 4 clubs the 3rd Leg District Golf Tournament on Nov. 25, 2013 at Valley Golf & Country Club. PP Noel Flores, as District Chairman promised a great tournament with lots of prizes for all the golfers. All of our Marikina Rotary golfers should prepare for this coming golf tournament. This is the sixteenth entry in my journal. We have once again planted trees to save our environment and help Save the Marikina Watershed Land Protected area. Let us enjoin others to join us in this crusade to save our environment and plant at least one tree for every year of our life. Our country is one of the most disaster-prone areas in the world. We were once again visited by typhoon Santi and many more are predicted for the rest of the year. We just had a 7.2 Intensity earthquake in Bohol and Cebu provinces. Let us prepare for these in advance and help save lives from future calamities. Thank you.

short zigzag road that leads to a subdivision down below. Beneath those houses lie another segment of the Marikina Fault.

Let's go back up to Katipunan and move on to the corner at Santolan. If you turn right, you go to EDSA. If you turn left, the road goes down to Libis. Yes, the fault is at the base of the sloping road. Let's continue along Katipunan and pass through White Plains. If you look to your left, all roads slope downward. Ever wondered why? Stop at the Mormon Temple and face eastward. (East is where the mountains are.) You can see where the ground abruptly ends and there's a sudden drop along a steep slope. Where the steep, sloping ground meets the flat valley is another section of the Marikina fault.

If you possess some spatial ability, try this in your mind: connect the fault segments in La Vista, Ateneo, at the 'zigzag road', Libis, and White Plains. What you get is the trace of the Marikina Fault, what geologists call a faultline. In fact, the faultline extends to Bulacan in the north and all the way down to Tagaytay Ridge in the south, passing by Pasig, Taguig, Alabang, and Muntinlupa.

All this time, I have been calling it by its old name, Marikina Fault, but PHIVOLCS has given it a new name: Valley Fault. And there are two of them, actually: the West Valley Fault (what I've been calling Marikina Fault) and East Valley Fault. One is found on the west side of the Marikina Valley and the other is on the east side, in Montalban and San Mateo Together the two faults make up the Valley Fault System. (For more information, please visit the PHIVOLCS website.)

(In case you are thinking that this fault does not concern you, maybe I should introduce you to the Philippine Fault. It starts in the Ilocos, climbs up to the Cordilleras, crosses Nueva Ecija and on to the coast of Quezon, down to Bicol, skirting Masbate on the east, slicing Leyte from north to south, cutting eastern Mindanao from Butuan to Mati, and extending under the waters off the coast of Davao Oriental. It's roughly as long as the San Andreas Fault in California.)

A fault is a break in the Earth's crust along which considerable movement has taken place. Every time a fault moves, an earthquake is generated. According to PHIVOLCS, the Marikina Fault is active. And that it moves every 200 to 400 years. The last time it moved was 200 years ago. That means it could move any time now.

Are we prepared? — **TJD, GMA News**
