THE ROTARY PLEDGE

I do solemnly promise to help advance the object of Rotary, comply with the constitution and by-laws of Rotary International and the Rotary Club of Marikina, ever putting into practice Rotary's Motto: "SERVICE ABOVE SELF."

THE FOUR WAY TEST

Of things we think, say or do:

- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOODWILL and better FRIENDSHIPS?
- Will it be BENEFICIAL to all concerned?

PRAYER

God our Father, You are awesome and worthy of all praises.

If we find ourselves in difficult circumstances, Your words offers the surprising instruction to count it all, knowing that the testing of our faith produces patience.

We seek You Father for wisdom that we might know how to respond properly to our trials, sorrow, and pain.

And let our confidence grow by trusting and obeying our Lord and His Word.

Give us the faith of a little child—a faith that will look to You that never will falter and never fail but follow You trustingly.

As we live by faith and do what the Bible clearly tells us to do, we can be sure that You will lead us through the difficult decision and give us victory. In everything we give thanks; for this is the will of God in Christ Jesus. Amen.

Congratulations!

Nixon Tañazana on his 2nd year—Sept. 6, 2014
In Service of Rotary!

Happy Blessed Birthday!

IN THE BEGINNING...

September morn

It is September now the beginning of the “ber” months in the Philippines. The weather is getting colder sans the typhoon telling us that Christmas is fast approaching. September ushers the New Generation Service. It was the Representatives at the 2010 Council on Legislation that approved an enactment last 28 April 2010 to add a fifth Avenue of Service: New Generations. Originally, there were only four Avenue of Service.

After adopting an amendment to change the name from Youth Service, as originally proposed, to New Generations, Council Chair Mark Daniel Maloney remarked that “Rotarians have always strongly supported youth activities even though they were never part of the four Avenues of Service. I think this strengthens our commitment.”

The Avenue of New Generations recognizes the positive change implemented by youth and young adults involved in leadership development activities, community and international service projects, and exchange programs that enrich and foster world peace and cultural understanding.

Here in our club as far as I can remember, even before it was implemented that 28th of April of 2010, PP Rene Florencio had already started this program which later on was adopted by District 3800. And that was almost five years ago.

Whenever I read September it reminds me of the popular song of Neil Diamond during the 80’s “September Morn” and here is a caption of the lyrics.

Stay for just a while
Stay and let me look at you
It's been so long, I hardly knew you
Standing in the door

Stay with me a while
I only wanna sing for you
We've traveled halfway 'round the world
To find ourselves again

September morn
We danced until the night became a brand new day
Two lovers playing scenes from some romantic play
September morning still can make me feel that way

And while I was searching “September” in the Google, I come upon a name of a painting “September Morn”. Here is the story behind it.

On a September morning in 1912, French painter Paul Chabas finished the painting he had been working on for three consecutive summers. Thus completed, it was aptly titled "Matinee de Septembre" (September Morn). As was typical of his style, the painting was of young maiden posed nude in a natural setting. This time the icy morning waters of Lake Annecy in Upper Savoy formed the natural setting and the maiden was a local peasant girl.

ROTARY INFORMATION

NEW GENERATIONS

New Generations refers to the youngest generation in the family of Rotary. Many are participants in Rotary's youth and young adult programs: Interact, Rotaract, Rotary Youth Leadership Awards (RYLA), and Rotary Youth Exchange. Others are service minded young people involved in Rotary club and district activities.

Past RI President Luis Vicente Giay coined the term *New Generations* when he shared his belief that the future of Rotary relied on involving young people in the organization's programs and activities. At the 1996 RI Convention in Calgary, Alberta, Canada, he said:

"Our vision for the future, now more than ever, is the difference between success and failure. The New Generations are our investment in the future. Let us begin to build that future today."

New Generations Service became Rotary's fifth Avenue of Service in 2010. It is defined in article 5 of the Standard Rotary Club Constitution:

New Generations Service recognizes the positive change implemented by youth and young adults through leadership development activities, involvement in community and international service projects, and exchange programs that enrich and foster world peace and cultural understanding.

Rotary clubs should be committed to involving youth and young adults in their vocational, community, and international service projects, and to providing programs and resources that support them.

Basics of Photography: Your Camera's Automatic and Assisted Settings

Shooting Modes

Most cameras come with a few different types of shooting modes, from full automatic to full manual. We're going to take a look at the most common and discuss when you should use them. You may not be familiar with terms like shutter speed, aperture, and ISO but don't worry—we'll be going over those in detail in the next lesson.

Automatic takes care of everything for you. There's not much to explain here.

Program automatic sets your aperture and shutter speed automatically, but gives you control over other settings like ISO (the rating that affects how sensitive your camera's sensor is to light—similar to film speed in film cameras).

narrow aperture (represented by a higher f-stop, like f/8) will produce a photo where most everything appears to be in focus. This is useful for landscapes, or any other situation where keeping everything in focus is desirable. Wider apertures also let in more light, so they're useful when you don't have much and want to avoid using a flash. Aperture priority is one of the best shooting modes your camera has because you can still control your ISO settings (light sensitivity) and the shutter speed is often something that's best left for the camera to decide unless you have a reason to choose it yourself. Don't worry if you don't fully understand this yet. We'll be discussing aperture, shutter speed, and ISO in much more detail in the next lesson.

To be continued next week....
