THE FOUR WAY TEST

Of things we think, say or do:

- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOODWILL and better FRIENDSHIPS?
- Will it be BENEFICIAL to all concerned?

PRAYER

Lord Jesus, we thank you for having us gathered for the 1st time in this New Year 2015.

Lord, as we wonder at the beginning of this New Year, bless our eyes that we may see other needs and respond to them. Bless our voice that we may always bring joy, healing and good news to others.

Bless our Heart that we may always possess freedom and love.

*All this we humbly pray through Christ our Lord.
Amen*

IN THE BEGINNING...

Sec. Val A. Barcinal

2015 New Year of Rotary Club of Marikina

To begin the New Year blessed by the presence of God is to hold on to hope, courage and trust even when we might be inclined to fret, fear or be anxious about the future. Our resolutions to change or do better are born out of the conviction that a fresh start is always possible and that conversion is achievable and good for us. Faith in God's presence enables us to say: 2015 will be a better year. With the Lord's face shining upon us in 2015 we can be more present to each moment, each person, every cry for help, every gifted opportunity that awaits us; every day, every hour, every moment can be truly blessed by the love and presence of God.

The year that past was very challenging for our club. We expect another challenging year ahead. But just like all Filipinos, we are generally optimistic something will come out right in this final stretch of President Dodjie's term. Let us welcome 2015 with the best of hope. There are still difficult task ahead of us as you have read in the schedule President Dodjie had prepared for us. I am sure he cannot do this alone.

Now is the time to support President Dodjie. He deserves all our supports and prayers that he will deliver and succeed in this last stretch of his leadership. His failure is our failure. We cannot let that happen to the most outstanding club of the District. We are always proud of our club, whether we have a good leader or a bad leader. Now is the time to give our full support to our President. And here are what we can do:

Pay our dues on time, there is a p500 discount to those who can pay before January 30

Attend the meeting regularly to boost our attendance

Recruit at least one member

Give to the TRF, at least \$100 each

Attend and support all our upcoming projects.

Don't do this for your President. Do this our club. Do this wholeheartedly because we are an outstanding club and we are proud of our club.

Genuine success comes only to those who are ready for it. So never step back and always have courage to accept new challenges. Wishing you a very happy new year 2015. Along with all the new hopes and promises that the New Year would bring Hope it also brings us a lot more opportunities to work together.

Happy New Year to all.

Rotary Awareness Month

January is Rotary Awareness Month. Rotary Awareness Month is celebrated by training members on Rotary history, programs or raise awareness of what Rotary does, to the community or non-Rotarians. A Rotarian can share a personal story or experience that they have had because of Rotary. The beginning of a new year is a good opportunity to renew inspiration for the rest of the Rotary year.

For the Rotarians, the sources of Rotary materials are as follows: the latest Manual of Procedure, www.rotary.org, The Rotarian or the regional Rotary magazine, district and club websites...

For the non-Rotarians, to increase their awareness that Rotary exist in their community, we have the following: Rotary markers, The 4 Way Test markers, billboards of Rotary clubs, Rotary television programs, Rotary club projects in the local community, wearing of the Rotary pin...

77 photography techniques, tips and tricks for taking pictures of anything

Portrait photography technique 05: high-key portraits

Deliberately choosing to over-expose a photo to create a 'high-key' effect results in a light and delicate look that can enhance feminine portraits and pictures of children.

The trick is not to blow the highlights in-camera, but rather brighten up the shot later in software such as Photoshop.

Shooting RAW files will give you the most editing head-room, as [you'll be able to extract more detail across the tonal range in raw compared to JPEGs.](#)

Portrait photography technique 06: baby portraits

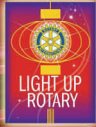

When it comes to lighting baby portraits, natural light is the best choice. Flash will just end up spooking them. Try and position them near to a window and [use a reflector to bounce light into any shadows.](#)

The more light you can get onto your subject, [the lower ISO sensitivity you can use for the best quality photos.](#)

To catch a baby at their best, photograph them just after a feed or when they've woken up first thing in the morning.

They'll be more active and alert than at other times of the day, and you're more likely to get the kind of cooing baby portraits that parents will love.
