# GOLDEN PRESIDENT

Pres. Jaime N. Cabalquinto

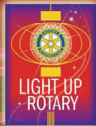

We had a very busy, exciting and fruitful weekend last week. Two of our literacy project was conducted back to back last March 6, 2015. Early morning of Saturday, we held the 46<sup>th</sup> Student Leadership Awards, chaired by Auditor Roman Villame, here at the Marikina Rotary youth Center. Seven (7) high school students from the private and public schools competed and inspired to be the best impromptu speaker. The 1<sup>st</sup> placer was Ralph Samaniego of OLOPSC. Hans Sison of Marikina Science High School and Nicole de Leon of Marikina High School were the 2<sup>nd</sup> and 3<sup>rd</sup> placer respectively. In the afternoon, we had the Story Telling Contest chaired by Sgt.-at-Arms and now our Assistance Secretary Peter Co. Eleven (11) elementary school students again from the private and public school showed their skills in delivering their version of the story of TIGHT TIMES by Jeannette C. Patindol. Natalie Armada of Kalumpang Elementary School won the 1<sup>st</sup> place followed by Joshua Basilan of OLOPSC as 2<sup>nd</sup> placer and eventually in 3<sup>rd</sup> place was Krizlle Ann. C. Datu of Sto. Nino Elementary School. Kudos to all the winners of these yearly events of RC Marikina!

The next day, March 7, 2015, we started early morning for the ingress for our fund raising project the AUTO RIVER SIDE SHOW 2015 at the River Park Marikina City. More than 100 entries of cars have joined the event. Each and every car has their unique features and accessories that would make anyone astounded. Beautiful Models of each entry cars demonstrate these features. Congratulations to Chairman Gilbert Ong for a job well done!

On the other hand, Rotaract Chairman Peter Co with PP Banjie Malaya and Rtn. Rogel Santiago gave an orientation to new members of the Rotary Community Corps of Marikina Valley (RCC Marikina Valley) and to prospective members of the Rotaract Club of Marikina at the Residence of Rtn. Rogel Santiago at Bgy. Malanday, Marikina City. Good Job Chairman Peter and PP Benjie!

Our Golden Anniversary Celebrations is just a few days from now. Rigidon de Honor participants are just polishing their dance. Invitations were distributed and stage props are being constructed. Souvenir Program is being printed and Overall Chairman Lt. Gov. Eric Ignacio is very busy making sure that everything is set and in place for our big event. On Sunday, at 8:00am, PP Romy Cruz organized and arranged a mass for our Golden Anniversary at the Our Lady of the Abandoned Church. Then, we will have a motorcade, chaired by PP Boy Ong, from the church to Nangka Elementary School where we will have our last 8 Kalusugan Medical and Dental Mission with Surgical, Operation Tuli and Blood-Letting project. It will be a GRAND 3 in 1 Medical Mission of our club this year. Chairman for the Medical, Dental and Surgical is PRO Joel Relve and PP Benjie Malaya and Rtn. Carl Tan for the Operation Tuli and Blood-Letting project respectively. Let us all be present on Sunday and take be a part of this historical event of our club. Congratulations to all of us in advance! Mabuhay Rotary Club of Marikina!

## Help achieve universal education: take action during Rotary Literacy Month

Since the U.N. Millennium Development Goals were established in 2000, Rotary has played a role in global efforts to reduce extreme poverty and reach target goals by 2015. While great progress has been made towards universal primary education, advancements towards this goal slowed significantly over the past eight years. About 58 million primary-school-age children are currently not enrolled in school while 781 million adults and 126 million youth worldwide lack basic literacy skills.

Achieving universal primary education and gender equality in schools is critical to meeting other development goals. Greater levels of education help communities fight poverty, prevent disease, and access and sustain resources for longer, more prosperous lives.

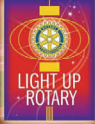

During **March, Rotary Literacy Month**, replicate successful Rotary projects to continue addressing literacy, education, and gender equality at school:

The Rotary Club of Makati North, Philippines, works with their Rotary Community Corps to [provide undernourished primary school students with nutritious meals for 22 weeks](#). As a result, 100 more students experience fewer medical issues and miss less school.

With the help of partners and a Rotary grant, the Rotary Club of Taipei Twins, Taiwan, [provided 2,000 students' homes in Myanmar with solar power and LED lighting](#). A generator, charging station, and storage units were installed at the local school. Reliable access to electricity has improved school attendance and helps students keep up with their studies.

Rotary clubs from Malaysia and India used a Rotary grant to [construct toilet blocks for girls](#) at a public school in Chennai, India. Fewer girls miss school as a result of these new facilities.

The Rotary Club of Tripureswor, Nepal, adopted the Gram Sudhar Lower Secondary School to [improve classroom facilities and provide resources for students](#) who otherwise cannot afford them. The club supports an early education facility, provides school uniforms, furnishes classrooms, supplies reading and educational materials, and sponsors trainings for teachers.

## 77 photography techniques, tips and tricks for taking pictures of anything

### **Landscape photography technique 06: long-exposure landscapes**

Using a long exposure to photograph a landscape will cause any moving elements to be recorded as motion blur.

Waterfalls, waves and trees on windy days will all add interesting movement to landscape photos if you use a shutter speed of several seconds to photograph them.

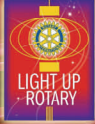

Getting a slow enough exposure usually requires a small aperture, low ISO and low light. However, you can also achieve this in bright daylight by attaching a Neutral Density filter to the lens.

ND filters come in a range of strengths, each blocking the amount of light that enters the lens by a different amount.

Strong ND filters, such as the Lee Filters

Big Stopper, will allow you to use extremely long exposures on even the brightest days, creating long exposure photos that stretch for many minutes rather than being over in seconds.

[A 10-stop ND filter like the Big Stopper](#) or the B+W ND110 can enable you to turn a crashing sea into a milk-smooth millpond.
