I do solemnly promise to help advance the object of Rotary, comply with the constitution and by-laws of Rotary International and the Rotary Club of Marikina, ever putting into practice Rotary's Motto: "SERVICE ABOVE SELF."

### THE FOUR WAY TEST

*Of things we think, say or do:*

- Is it the TRUTH?
- Is it FAIR to all concerned?
- Will it build GOODWILL and better FRIENDSHIPS?
- Will it be BENEFICIAL to all concerned?

## PRAYER

**God our Father, You are awesome and worthy of all praises.**

**If we find ourselves in difficult circumstances, Your words offers the surprising instruction to count it all, knowing that the testing of our faith produces patience.**

**We seek You Father for wisdom that we might know how to respond properly to our trials, sorrow, and pain.**

**And let our confidence grow by trusting and obeying our Lord and His Word.**

**Give us the faith of a little child—a faith that will look to You that never will falter and never fail but follow You trustingly.**

**As we live by faith and do what the Bible clearly tells us to do, we can be sure that You will lead us through the difficult decision and give us victory. In everything we give thanks; for this is the will of God in Christ Jesus.**

**Amen.**

## JUNE - ROTARY FELLOWSHIP MONTH

*Continuation...*

Examples of Rotary Fellowships include: Rotarians on the Internet (ROTI), International Fellowship of Rotarians of Amateur Radio (ROAR), International Computer Users Fellowship of Rotarians (ICUFR), International Fellowship of Rotary Convention Goers, International Golfing Fellowship of Rotarians, International Fellowship of Rotarians Musicians, Rotary Global History Fellowship, etc.

The field is so varied, which includes marathon running, scuba diving, flying, bird watching, chess, doll lovers, environment, Esperanto, go, gourmets, lawyers, magic, nurses, police and law enforcement professionals, recreational vehicles, singles, stockbrokers, venture capitalists, wine and yoga.

Each Rotary Fellowship operates independently of Rotary International, with its own rules, dues requirements and administrative structure. Membership is open to Rotarians, spouses of Rotarians and Rotaractors. It must be international in nature with active members in at least three (3) countries. Each fellowship elects at least three (3) officers to oversee the group's administration. The Rotary Fellowships are expected to facilitate communication among their members and maintain regular communication with RI.

What are the benefits for Rotarians in joining the Rotary Fellowships? Fellowship provide opportunities for Rotarians to make lasting friendships outside their own Club, District or country. Fellowships contribute to the advancement of world understanding and peace. Also, Fellowships serve as an incentive for attracting new members to Rotary and retaining our existing members. Indeed, Rotary Fellowship, together with the Rotarian Action Groups, serve as an effective tool in promoting membership development and should be actively promoted in our Districts.

Interested Rotarians can join a Rotary Fellowship by clicking <http://www.rotary.org/programs/fellowships/index.html> or even start a prospective Rotary Fellowship if their recreational or vocational interest is not in the list of approved Rotary Fellowships.

## 77 photography techniques, tips and tricks for taking pictures of anything

### MACRO PHOTOGRAPHY TECHNIQUES, TIPS AND TRICKS

*Learn how to choose the best lens, focus for close-up photos and get to grips with depth of field*

#### **Macro photography technique 04: parallel camera trick**

To make the most of what little depth of field there is, position your DSLR so that the back of the camera is parallel with the subject.

This is especially important when you're shooting frame-filling shots of flat subjects with strong patterns, such as leaf or feather. If part of the image is blurred it will ruin the impact of the photo.

#### **Macro photography technique 05: break the rules**

You don't have to use small apertures to make an impact with macro photography – using the largest apertures available on your lens is just as an effective technique.

You'll need to be spot-on with your focusing though, as the wafer-thin depth of field leaves little room for error.

Using wide apertures and selective focusing to sandwich a sharp subject between a blurred foreground and background is a popular food photography technique, while completely defocusing a lens can lead

to abstract blurs and beautiful bokeh – a trick that's often used in contemporary flower photography.

#### **Macro photography technique 06: sharper photos**

Small apertures reduce the amount of light passing through the lens, and this can lead to slow shutter speeds and long exposure times.

From page 10 Digitally Yours

Any slight movement – even the vibration caused by the mirror moving inside the camera – will increase the risk of blurred pictures.

To combat this, [activate your camera's Mirror Lock-up function](#), or shoot using Live View (where the mirror is automatically locked up) and trigger the shutter using a remote release or the camera's self-timer.

Increase the ISO to get a faster shutter speed if necessary, although you'll get the cleanest looking shots below ISO 1600.
